Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Equipping students with practical skills and hands-on experience, this program complements their theoretical knowledge, narrowing the gap between academic learning and its real-world applications. Through alignment with industry standards and incorporation of current technologies, these programs expose students to the field's latest trends, guaranteeing their readiness for industry demands.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 26-07-2021 to 27-07-2021

Number of Students Enrolled : 450

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Training programs furnish students with practical skills and hands-on experience, enhancing their theoretical knowledge and closing the divide between academic learning and real-world applications. This boosts graduates' employability.

- These programs offer students valuable hands-on experience, helping them apply theoretical knowledge in practical scenarios.
- The practical skills acquired through training contribute significantly to narrowing the gap between classroom learning and real-world challenges.
- Bridging this divide between theory and practice is crucial for making graduates more competitive in the job market.
- Graduates with hands-on experience are better prepared to meet the demands of the professional world, increasing their chances of securing employment.
- Overall, the enhancement of employability is a direct result of the practical skills gained in these training programs.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 01-09-2021 to 08-09-2021

Number of Students Enrolled : 180

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Equipping students with practical skills and hands-on experience, training programs complement their theoretical knowledge, narrowing the gap between academic learning and real-world applications, ultimately making graduates more employable.

- The combination of theoretical knowledge and practical skills acquired in training programs creates a well-rounded skill set for students.
- By narrowing the gap between theory and application, these programs enhance graduates' readiness for real-world challenges.
- The complementary nature of practical and theoretical aspects ensures that graduates are better equipped to tackle professional scenarios.
- Ultimately, the employability of graduates is significantly increased through this harmonious blend of theory and hands-on experience.
- These programs play a crucial role in preparing students for the dynamic and practical aspects of their future careers.

Campus recruitment training program

Date of implementation : 18-09-2021 to 23-09-2021

Number of Students Enrolled : 144

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

The hands-on experience and practical skills provided by training programs complement students' theoretical knowledge, bridging the gap between academic learning and real-world applications, thereby enhancing graduates' employability.

- Practical skills and hands-on experience serve as valuable additions to students' theoretical knowledge, creating a holistic understanding of their field.
- The bridging of the gap between theory and real-world applications is a key aspect of these training programs.
- The enhancement of employability is a natural outcome of this comprehensive approach to education.
- Graduates emerge from these programs not only with theoretical expertise but also with the practical know-how to excel in their professions.
- The integration of hands-on experience with theoretical foundations ensures that graduates are well-prepared for the challenges they may encounter in their careers.

Department of Training and Placement

Campus recruitment training program

Date of implementation : 04-10-2021 to 08-10-2021

Number of Students Enrolled : 138

Conducted by : Logik Works

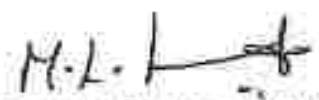

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Bridging the gap between academic learning and real-world applications, training programs provide students with practical skills and hands-on experience, making graduates more employable.

- The central aim of training programs is to seamlessly connect academic knowledge with real-world scenarios.
- The provision of hands-on experience is a fundamental aspect of these programs, enriching students' learning journeys.
- Bridging the gap between academia and the professional world is essential for ensuring graduates' success.
- Graduates with hands-on experience are better positioned to contribute meaningfully in their respective industries.
- The direct impact of these programs is reflected in the heightened employability of graduates in the job market.

Department of Training and Placement

Campus recruitment training program

Date of implementation : 25-10-2021 to 27-10-2021

Number of Students Enrolled : 200

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Training programs enhance graduates' employability by providing them with practical skills and hands-on experience that complement their theoretical knowledge, bridging the gap between academic learning and real-world applications.

- The holistic approach of training programs, combining theory with practical skills, significantly contributes to graduates' employability.
- Bridging the gap between academic theories and practical applications is a key objective of these training initiatives.
- Graduates equipped with both theoretical knowledge and practical skills are more versatile in professional settings.
- The intentional blend of hands-on experience with theoretical foundations ensures that graduates are adaptable and resourceful.
- The enhanced employability of graduates is a testament to the success of these programs in preparing students for the workforce.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

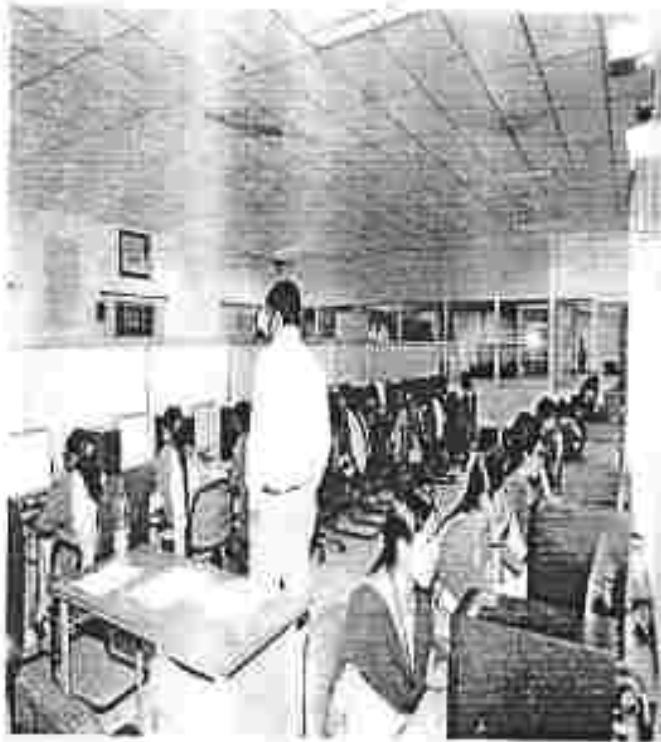

Date of implementation : 25-01-2022 to 28-01-2022

Number of Students Enrolled : ~~300~~ 103

Conducted by : Cocubes

Program: Cocubes Pre-Assessment

CoCubes is an employability assessment meticulously designed for Final Year Engineering and MBA candidates, conducted nationwide in a monitored setting. This assessment delivers valuable insights into employability and presents job opportunities to students across India, encompassing various job roles.

Equipping students with practical skills and hands-on experience, training programs enhance their theoretical knowledge, closing the gap between academic learning and real-world applications, and ultimately making graduates more employable.

- The integration of practical skills and hands-on experience into the curriculum enhances students' understanding of theoretical concepts.
- By closing the gap between academia and the practical demands of the industry, these programs significantly contribute to graduates' readiness for employment.
- The complementary nature of theoretical knowledge and practical skills ensures that graduates are well-rounded professionals.
- The closing of the gap between academic learning and real-world applications is a strategic focus of these training programs.
- Graduates emerge from these programs not only with academic achievements but also with practical competence, enhancing their employability.

Department of Training and Placement

Campus recruitment training program

Date of implementation : 27-02-2022

Number of Students Enrolled (300) 39%

Conducted by : Cocubes

Program: Cocubes Pre-Assessment

CoCubes is an employability assessment meticulously designed for Final Year Engineering and MBA candidates, conducted nationwide in a monitored setting. This assessment delivers valuable insights into employability and presents job opportunities to students across India, encompassing various job roles.

The practical skills and hands-on experience offered by training programs complement students' theoretical knowledge, closing the gap between academic learning and real-world applications, enhancing graduates' employability.

- The addition of practical skills and hands-on experience enriches students' overall learning experience, creating a comprehensive skill set.
- Closing the gap between theory and real-world applications ensures that graduates are better prepared for the challenges of their professions.
- The enhancement of employability is a direct result of the practical and theoretical balance achieved in these training programs.
- Graduates are not only well-versed in academic theories but also adept at applying their knowledge to practical scenarios.
- The practical enrichment provided by these programs is a significant factor in graduates' success in the workforce.

Training & Placement Officer
Sri C.R.Reddy College of Engineering
Valluru, ELURU-534 007.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 07-03-2022 to 16-03-2022

Number of Students Enrolled : 350

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Bridging the gap between academic learning and real-world applications, training programs equip students with practical skills and hands-on experience, making graduates more employable.

- Training programs play a pivotal role in connecting academic learning to the practical demands of real-world scenarios.
- Equipping students with hands-on experience is a deliberate strategy to prepare them for the challenges they will face in their careers.
- Bridging the gap between theory and application is a central focus, ensuring graduates enter the workforce with a well-rounded skill set.
- The employability of graduates is significantly heightened by the practical exposure provided through these training programs.
- Graduates emerge with the confidence and competence to navigate professional challenges successfully.

COCUBES ONLINE EXAM RESCHEDULED

This is to inform to all the IV/IV B.E/B.Tech Co-cubes registered students that, Co-cubes Pre Assessment test-2 at our college is rescheduled.

Below is summary of the Slots:-

S.no	Date	Slot Timings	Branches Included	Venue
1	12-04-2022	09:30AM to 12:00PM	ECE,MECH&IT	CSE Labs
2	12-04-2022	12:00PM to 02:30PM	CSE,CIVIL&EEE	CSE Labs

Note: This test is mandatory for upcoming campus drives which conducted by Co-cubes. Students are required to come to the venue on time with their co-cubes user name & password.

The duration of the Pre-Assess will be two hours twenty seven minutes:

- Aptitude – 45 minutes
- Computer Fundamentals – 15 minutes
- WET (Written English Test) – 25 minutes
- Domain – 20 minutes
- Psychometric – 12 minutes
- Coding – 30 minutes

Please find the below syllabus for the tests:

Aptitude Test (45 minutes)

- **Analytical Reasoning:** Visual Reasoning, Statement & Conclusions, Relationships, Logical Reasoning, Attention to Details, Flowcharts etc
- **Numerical Ability :** Concepts of mathematics including Time & Work, Speed & Distance, Algebra, Equations, Progressions, Profit & Loss, Ratios, Averages, Geometry, Data Interpretation
- **English Usage :** Reading Comprehension ; Grammar including Articles , Prepositions, Sentence Correction, Speech, Tenses, Verbal Ability including Synonyms, Antonym, Spellings, Idioms and Phrases

Computer Fundamentals (15 minutes)

Basics of C/C++/OOPS - beginner level understanding of how to program in C or C++, basic syntax of these languages, theoretical knowledge about how these languages work

Basics of Data Structures – Beginner level understanding of data structures about fundamental types of structures such as trees, various methods of sortings etc

General topics in computing fundamentals to test knowledge about software, hardware, binary/decimal/hexadecimal conversions, everyday encounters with computers

Domain Test (20 minutes)

Civil : RCC Design, Theory of Design & Structures, Soil Mechanics & Foundation, Construction Scheduling, Water Resource Engineering / Hydrology, Geotechnical Engineering

Electrical : Electrical Machines, EMMI, Network Analysis and Synthesis, Control Systems, Digital Electronics, Power Electronics, Power System and Instrumentation, Microcontroller and Microprocessor

Mechanical : Thermodynamics, IC Engines and Compressors, Theory of Machine, Engineering Material / Meteorology, SOM, Fluid Mechanics

Electronics: Electronic Devices & EMMI, Network Analysis and Synthesis, Microprocessor & Microcontrollers, Digital Electronics, Communication System, Electronic Circuits, Control System

Computer Science: C, C++, OOPS Concepts, Data Structures, DBMS concepts, Operating System Concepts, Design and Analysis of Algorithms, Networking Concepts, Computer Architecture

Psychometric (12 minutes)

Behavioral profiling based on commonly known personality traits

Coding Test (30 minutes)

Writing codes to solve a set of problems in language of choice: C, C++, C#, Java

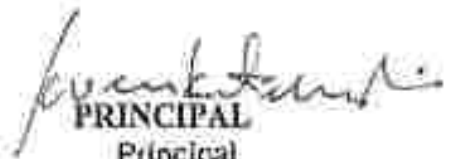

WET (Written English Test) (25 minutes)

To test the English writing skills of students. (ex-E-Mail writing, passage writing, pictorial writing etc.,)

Date of implementation : 12-04-2022

Number of Students Enrolled : 300

Conducted by : Cocubes

Program: Cocubes Pre-Assessment

CoCubes is an employability assessment meticulously designed for Final Year Engineering and MBA candidates, conducted nationwide in a monitored setting. This assessment delivers valuable insights into employability and presents job opportunities to students across India, encompassing various job roles.

Training programs enhance graduates' employability by aligning practical skills and hands-on experience with their theoretical knowledge, bridging the gap between academic learning and real-world applications.

- The intentional alignment of practical skills with theoretical knowledge is a key feature of these training programs.
- Bridging the gap between academic theory and practical applications ensures that graduates are well-equipped for the complexities of their professions.
- The enhancement of employability is a natural outcome of this strategic integration of theoretical and practical elements.
- Graduates emerge from these programs with a seamless understanding of how their academic knowledge applies to real-world situations.
- The direct correlation between practical exposure and increased employability showcases the effectiveness of these training initiatives.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 09-05-2022 to 18-05-2022

Number of Students Enrolled : 350

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Equipping students with practical skills and hands-on experience, training programs align with industry standards and current technologies, exposing them to the latest trends and advancements in their field, ultimately preparing graduates for the demands of the industry.

- ❖ Aligning with industry standards and current technologies ensures that students are prepared for the dynamic nature of their respective fields.
- ❖ Exposure to the latest trends and advancements through these programs ensures that graduates are at the forefront of industry developments.
- ❖ The intentional alignment with industry standards is a proactive approach to meeting the evolving demands of the professional landscape.
- ❖ By staying abreast of the latest trends, graduates from these programs enter the workforce with a contemporary and relevant skill set.
- ❖ The industry-ready preparation provided by these programs ensures that graduates are well-prepared to meet the demands and challenges of their chosen fields.

R reinventing the Education Space:

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables. In a fragmented market dominated by traditional 'training vendors' and off the shelf operators, Talentio is placed in an incomparable quadrant defined by its output orientation and a model built on delivery of high placement numbers consistently, efficiently and effectively.

Our guiding principles are based on Impact, Value and Learner Centricity. We are your *Results Team* that brings together process, consistency, ownership, predictability, risk-management, technology and market insight among various other components to deliver exceptional results.

Talentio is transforming learning delivery and changing how company specific programs and CRTs are delivered. In the heart is smart analytics and prediction technology that drives high impact learning in classrooms. Continuous Student Diagnostics feeds into Talentio's highly effective Adaptive Curriculum on the lines of our philosophy of transforming learning delivery in colleges.

In our enviable journey for excellence, we continue to build memorable relationships with our learners, institutional management and diverse stakeholders with a national footprint.

How we get results

- **Goal Oriented:**

All our programs are outcome based. Our aim is results, not completion of hours.

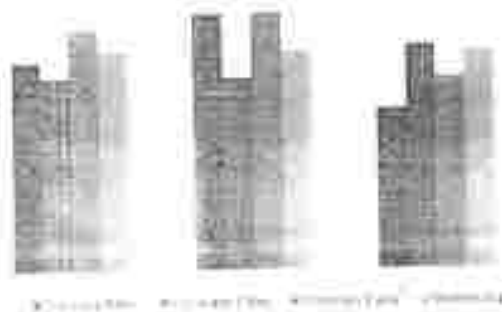

- **Customized and Dynamic:**

Our CRT is customized taking into account the quality of intake, major hiring companies, placement strategy, segregation of students based on needs.

- **Measure Progress**

Progress is measured at regular intervals. No program is conducted without measuring progress.

- **Identify Gaps**

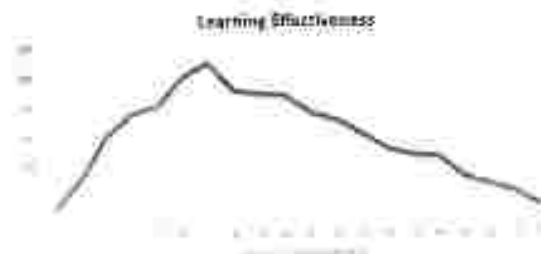

Needs are identified based on desired outcome and current status. Focused training strategy for students who are low of employability skills to improve overall placement results.

- **Practice**

Practice makes a man perfect! We believe in this and that's why practice is an integral part of our programs

- **Length of Training**

Length of the program is designed based on the outcome and gaps,

- **Daily Training Hours**

Programs are conducted for 2-3 hours per day. We all know, anything more than that will not be effective.

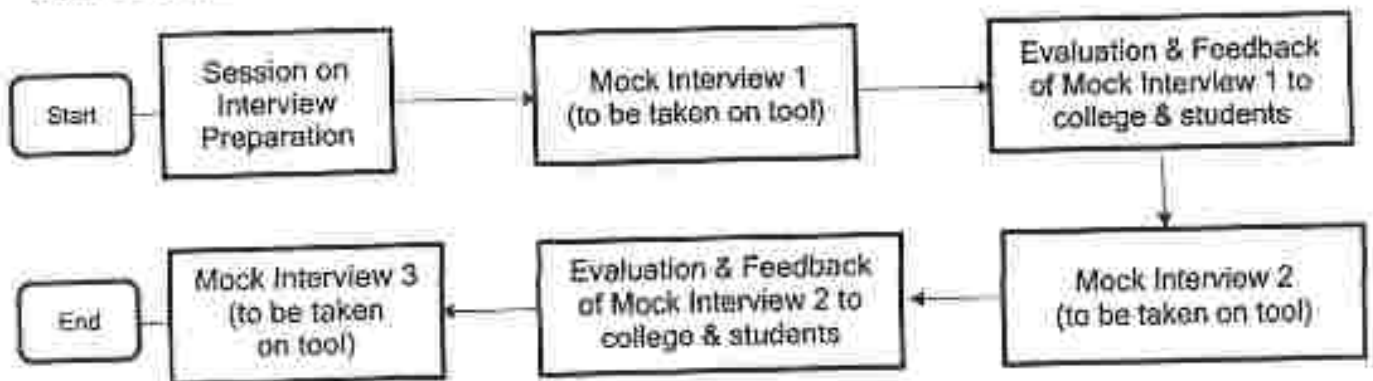

- **Multiple Phases**

Our programs are spread across many phases so that the assimilation and retention is better.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 13-11-2020 to 20-11-2020

Number of Students Enrolled : 71

Conducted by : Talentio

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables.

By giving students practical skills and hands-on experience, training programs make sure they can use what they learn in the real world. This makes graduates more ready for jobs, as they have a good mix of theory and practice.

- This practical focus prepares students to tackle challenges they might encounter in their future careers with confidence and proficiency.
- The well-rounded skill set acquired through these programs positions graduates as versatile contributors in various work environments.

Department of Training and Placement

Campus recruitment training program

Date of implementation : 30-11-2020 to 09-12-2020

Number of Students Enrolled : 637

Conducted by : Cocubes

Program: Career Diagnostics Test(DCTS)

CoCubes is an employability assessment meticulously designed for Final Year Engineering and MBA candidates, conducted nationwide in a monitored setting. This assessment delivers valuable insights into employability and presents job opportunities to students across India, encompassing various job roles.

Training programs help students by adding practical skills and hands-on experience to their class learning. This connection between class and real-world skills makes graduates more likely to get hired.

- ❖ Graduates, armed with both theoretical and practical understanding, find it easier to adapt to the dynamic demands of their chosen professions.
- ❖ The real-world application of knowledge gained in training programs ensures that graduates are not just academically qualified but are also workplace-ready.

NOTICE

This is to inform to all the IV/IV B.F/B.Tech Co-cubes registered students that Co-cubes is conducting Diagnostic Career Test Program at our College as per the schedule below.

Venue: CSE Computer Labs

Exam Schedule:

DIAGNOSTIC CAREER TEST	Duration	Test Start Date	Test End Date
Quantitative Aptitude Test (QAT)	60 Minutes	30th November	9th December
Analytical Reasoning Test (ART)	60 Minutes	30th November	9th December
English Usage test (EUT)	60 Minutes	30th November	9th December
Employability Aptitude Test(EAT)	60 Minutes	30th November	9th December
Written English Test (WET)	25 Minutes	30th November	9th December
Domain	30 Minutes	30th November	9th December
Coding	45 Minutes	30th November	9th December

- Note:**
1. This test is **mandatory** for upcoming campus drives which will be conducted by Co-cubes.
 2. All students should come to the venue on time with **college ID card, Co-cubes User ID & Password** without fail.

RESULTS OVERVIEW

INDUSTRY READINESS

benchmarks for the three categories are defined based on employability criteria used by employers while hiring through assessments of similar complexity and constructs. While 'Industry Ready' refers to students who are likely to be shortlisted by most employers on the respective skill, 'Need Practice' students may still be shortlisted by a few organizations but not all of them. Those in 'Need Training' category need considerable improvement to be shortlisted by any of the employers.

Branch Performance

ANALYTICAL REASONING TEST

Analytical Reasoning Test (ART) assesses a candidate's ability to think logically and solve problems. This skill is the most important component of a person's learnability and is required by almost every employer. This test is a combination of topics that assess different types of reasoning such as inductive, deductive and visual reasoning along with attention to detail concepts.

Sectional Performance

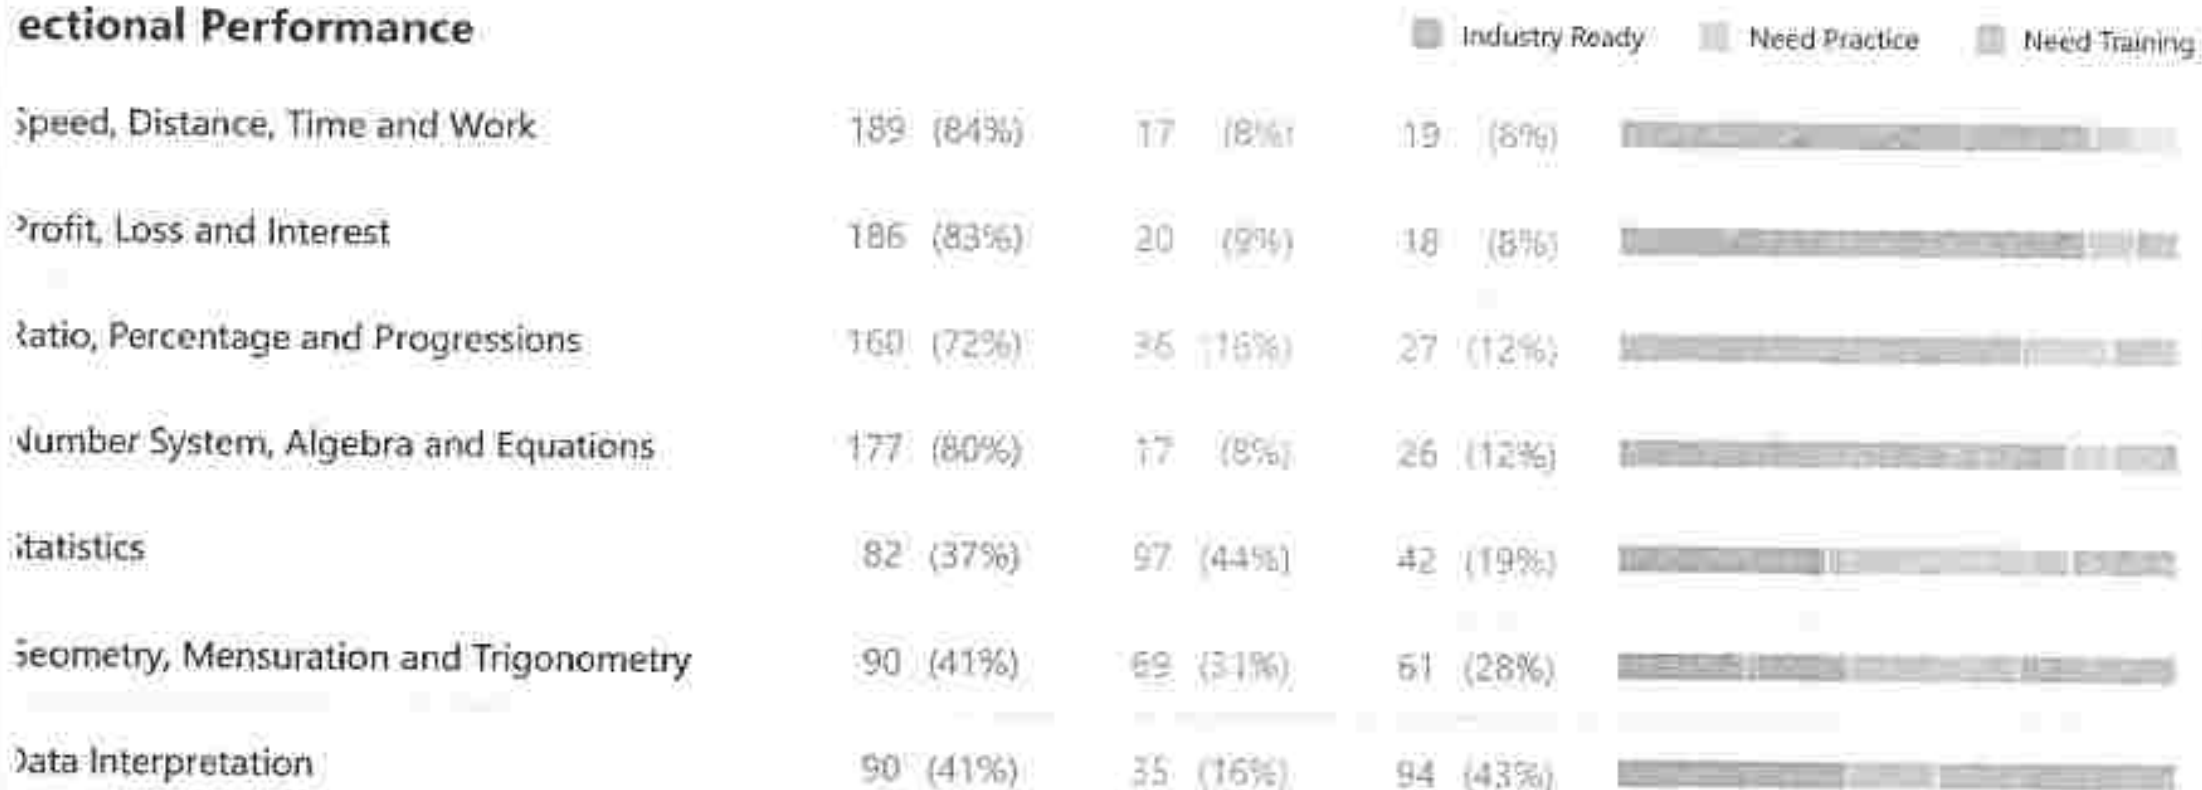

■ Industry Ready ■ Need Practice ■ Need Training

Flowcharts and Visual Reasoning	125 (56%)	60 (27%)	39 (17%)	
Series and Coding - Decoding	144 (64%)	34 (15%)	47 (21%)	
Odd One Out and Analogies	93 (41%)	71 (32%)	61 (27%)	
Logical Reasoning	98 (42%)	50 (21%)	85 (36%)	
Critical Reasoning	78 (34%)	59 (26%)	90 (40%)	

QUANTITATIVE APTITUDE TEST

Quantitative Aptitude Test (QAT) evaluates a candidate's understanding of basic mathematical concepts, ability to work with numbers and reason numerically to model and solve problems. This skill is critical and demanded by most employers across all white-collar roles for interpreting, analyzing and acting on numerical data to solve problems ranging from basic to complex.

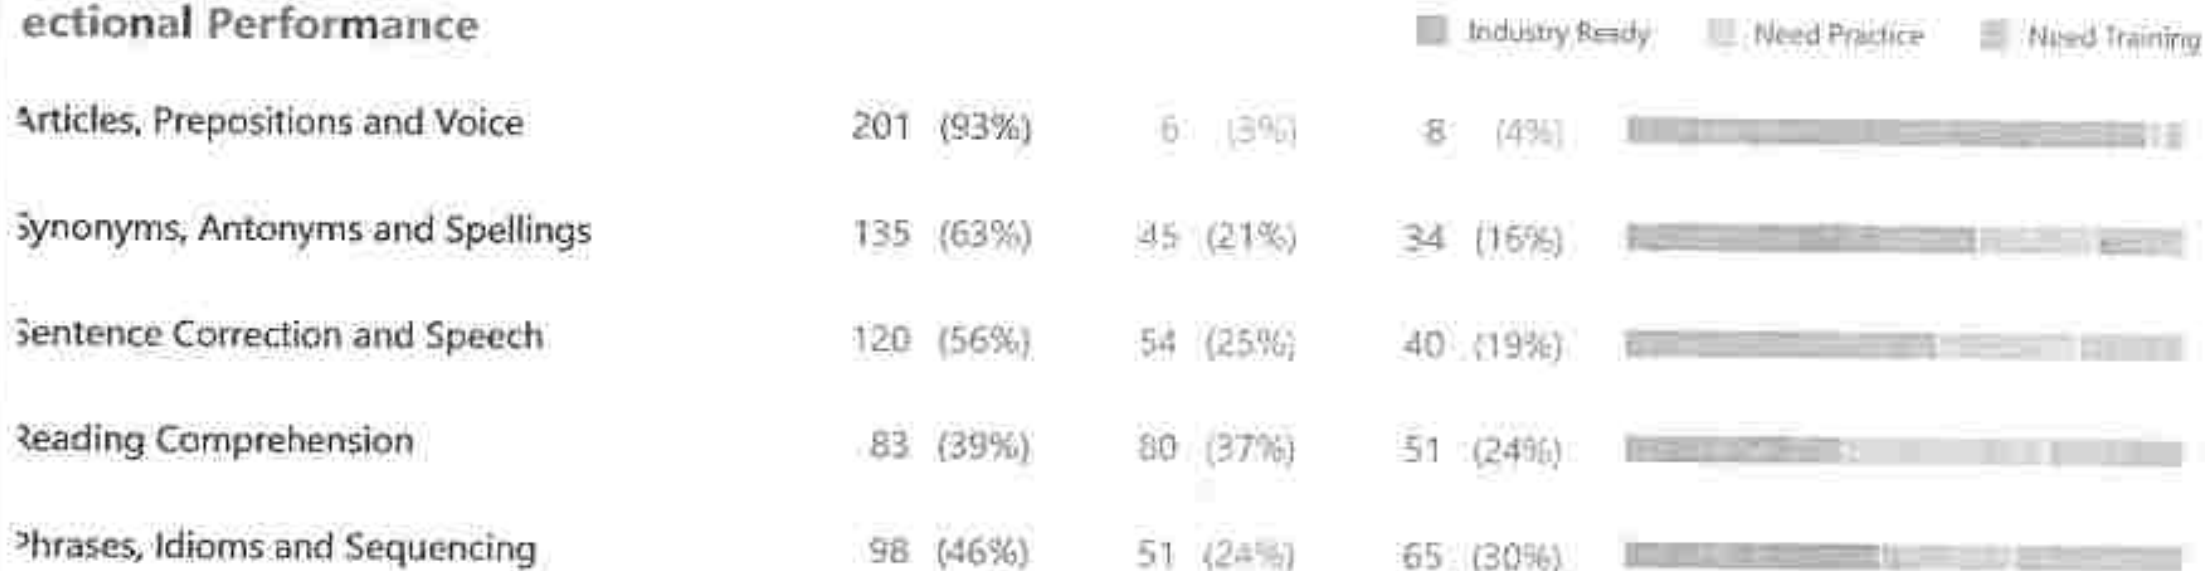

Functional Performance

ENGLISH USAGE TEST

English Usage Test (EUT) comprehensively assesses a candidate's ability to read, understand and interpret relevant English text in meaning and form, in a time bound manner. It evaluates a candidate on areas such as Grammar, Vocabulary, Reading Comprehension, Sentence Correction. In a globalized workplace with multiple stakeholders spanning across continents, English is today an indispensable skill.

Sectional Performance

EMPLOYABILITY APTITUDE TEST

Employability Aptitude Test (EAT) is a full length test that combines the core areas of Cognitive Ability - Analytical Ability, Quantitative Ability and English Usage - that are assessed by most employers today at the time of selection. A strong performance in each of these skills indicates high learnability, trainability and increases the probability of success in various job roles.

Sectional Performance

■ Industry Ready ■ Need Practice ■ Need Training

Numerical Ability	164 (78%)	20 (10%)	26 (12%)	
English Usage	138 (65%)	35 (17%)	38 (18%)	
Analytical Reasoning	123 (59%)	23 (11%)	62 (30%)	

COMPUTER SCIENCE DOMAIN TEST

This test is important for candidates aspiring for jobs in software products or services industries. This test focuses particularly on topics that most all companies regard as critical for most CS/IT specific job roles. Proficiency in these areas, in addition to brating the benchmark on key cognitive abilities, will give a candidate a definite edge in hiring process of multiple major IT companies.

Functional Performance

ELECTRONICS DOMAIN TEST

This test is important for candidates who want to build their careers in the Semiconductor, Electronic Design Automation, Telecommunications/Networking or similar industries either in public or private sector. In the modern day world flooded with electronic devices, Electronics and Communication is a vast and rapidly growing space with high demand of expertise with a wide knowledge base.

Functional Performance

ELECTRICAL DOMAIN TEST

This test is essential for candidates who want to grow as engineers in the Power/Energy, Instrumentation, Automation including manufacturing industries. With the sectors of power generation and distribution in high flux in India and abroad and also the rapid improvement/upgradation of automation and control systems, skilled electrical engineers can look forward to a world of opportunities.

Functional Performance

■ Industry Ready ■ Need Practice ■ Need Training

Topic	Industry Ready	Need Practice	Need Training
Microprocessors and Microcontrollers	37 (97%)	0 (0%)	1 (3%)
Electrical Machines	35 (92%)	1 (3%)	2 (5%)
Network Analysis and Synthesis	36 (95%)	0 (0%)	2 (5%)
Digital Electronics	33 (87%)	0 (0%)	5 (13%)
PLC/SCADA	32 (84%)	0 (0%)	6 (16%)
Control System	28 (74%)	0 (0%)	10 (26%)
Power Electronics	26 (70%)	0 (0%)	11 (30%)

MECHANICAL DOMAIN TEST

This test is essential for candidates looking to work in the large Manufacturing, Automobile, Aviation and other Engineering services and design industries with companies both in public and private sector. A rapidly growing auto sector in India supported by growth in indigenous manufacturing has led to an increase in demand for engineers in mechanical and related branches.

Functional Performance

Industry Ready Need Practice Need Training

Topic	Industry Ready	Need Practice	Need Training
IC Engines and Compressors	1 (100%)	0 (0%)	0 (0%)
Thermodynamics	1 (100%)	0 (0%)	0 (0%)
Machine Design	0 (0%)	0 (0%)	1 (100%)

Metrology	0 (0%)	0 (0%)	1 (100%)
Strength of Materials	0 (0%)	0 (0%)	1 (100%)
Theory of Machine	0 (0%)	0 (0%)	1 (100%)

CIVIL DOMAIN TEST

For candidates looking to build their careers as Structural Engineers, Construction Managers, Urban Planners and Architects or such, this is a key test. India is a fast growing economy with the infrastructure and real estate sectors poised as two of its major growth drivers. This has led to a high demand for proficient civil engineers and managers to participate in and manage various types of infrastructural projects.

CO-CUBES ONLINE EXAM RESCHEDULED

This is to inform to all the IV/IV B/J/JI Tech Co-cubes registered students that Co-cubes **Pre Assessment test-I** at our college is rescheduled.

Below is summary of the Slot:-

S.No	Date	Slot Timings	Branches Included	Venue
1	29-12-2020	09:30AM to 12:00PM	ECE,MECH&IT	CSE Labs
2	29-12-2020	12:00PM to 02:30PM	CML,CIVIL,EEE	CSE Labs

Note: This test is mandatory for opening campus drives which conducted by Co-cubes. Students are required to come to the venue on time with their co-cubes user name & password.

The duration of the Pre-Assess will be **two hours twenty seven minutes**:

- Aptitude – 45 minutes
- Computer Fundamentals – 15 minutes
- WET (Written English Test) – 25 minutes
- Domain – 20 minutes
- Psychometric – 12 minutes
- Coding – 30 minutes

Please find the below syllabus for the tests:

Aptitude Test (45 minutes)

- **Analytical Reasoning:** Visual Reasoning, Statement & Conclusions, Relationships, Logical Reasoning, Attention to Details, Flowcharts etc
- **Numerical Ability:** Concepts of mathematics including Time & Work, Speed & Distance, Algebr, Equations, Progressions, Profit & Loss, Ratios, Averages, Geometry, Data Interpretation
- **English Usage:** Reading Comprehension; Grammar including Articles, Prepositions, Sentence Correction, Speech, Tenses, Verbal Ability including Synonyms, Antonyms, Spellings, Idioms and Phrases

Computer Fundamentals (15 minutes)

Basics of C/C++/OOPS - beginner level understanding of how to program in C or C++, basic syntax of these languages, theoretical knowledge about how these languages work
 Basics of Data Structures – Beginner level understanding of data structures about fundamental types of structures such as trees, various methods of sorting etc
 General topics is computing fundamentals to test knowledge about software, hardware, binary/decimal/hexadecimal conversions, everyday encounters with computers

Domain Test (20 minutes)

Civil : RCC Design, Theory of Design & Structures, Soil Mechanics & Foundation, Construction Scheduling, Water Resource Engineering / Hydrology, Geotechnical Engineering
Electrical : Electrical Machines, EMM, Network Analysis and Synthesis, Control Systems, Digital Electronics, Power Electronics, Power Systems and Instrumentation, Microcontroller and Microprocessor

Mechanical : Thermodynamics, IC Engines and Compressors, Theory of Machine, Engineering Material, Metrology, SQM, Fluid Mechanics

Electronics : Electronic Devices & EMM, Network Analysis and Synthesis, Microprocessor & Microcontrollers, Digital Electronics, Communication Systems, Electronic Circuits, Control System

Computer Science : C++ OOPS Concepts, Data Structures, DBMS concepts, Operating System Concepts, Design and Analysis of Algorithms, Networking Concepts, Computer Architecture

Psychometric (12 minutes)

Behavioral profiling based on commonly known personality traits

Coding Test (30 minutes)

Writing codes to solve a set of problems in language of choice: C, C++, C#, Java

WET (Written English Test) (25 minutes)

To test the English writing skills of students (ex-E-Mail writing, passage writing, pictorial writing etc.)

Department of Training and Placement

Campus recruitment training program

Date of implementation : 29-12-2020

Number of Students Enrolled : 637

Conducted by : Cocubes

Program: Cocubes Pre- Assessment-I

CoCubes is an employability assessment meticulously designed for Final Year Engineering and MBA candidates, conducted nationwide in a monitored setting. This assessment delivers valuable insights into employability and presents job opportunities to students across India, encompassing various job roles.

Making students more employable is a goal of training programs, achieved by giving them practical skills and hands-on experience. This connection between what's learned in class and what's needed in jobs helps graduates stand out.

- The intentional design of these programs results in graduates who are not only academically accomplished but also possess the practical acumen demanded by employers.
- The distinct advantage of hands-on experience positions graduates as valuable contributors from day one in their professional journeys.

About Us

"Transforming Knowledge into Skill" – Our motto is simple yet the much needed in the Indian Education Industry. Logik Works aims to provide the solution for this knowledge-skill gap in the education sector, especially in the engineering graduates. We strive to empower students with the skills required and essential to build a successful career.

Logik Works is founded & run by people with more than two decades of experience in the education and IT Industry. With their rich experience & understanding of the job and skills market, we always keep up and update our delivery strategies & methodologies to empower the students with the contemporary skills & technologies, thus making them industry ready in any technological era.

We believe and embrace the uniqueness of each student in each institution and always try to empower their skills without losing their uniqueness & creativity. Our scientifically designed training modules, outcome-based delivery methodology ensures no stone unturned to give nothing but the best of placement readiness training.

While we embrace the uniqueness at the heart, our analytics and feedback assisted measurement of training deliverables is our brain. Each step of our training process is thought with responsibility, implemented with empathy and measured with precision. The overall process, thus, always yields two outcomes: effective training delivery & effective placement results.

In this journey of empowering students, we take pride of our success stories and rejoice our journey with the institutions

Our Core Values

Empathy: We hear, we understand and we want to provide value added solutions to our clients. In doing so, empathy is our core value at heart driven by technology & analytics

Honesty: We are outcome drive in our approach. In our process of delivering value added student empowerment solutions, we want to be honest in our approach, feedback and implementation to make sure nothing but the best is delivered.

Value centricity: While we strive to achieve empowerment of students and institutions, we make sure all our processes are value centric and always try to improve the value to clients.

Empowerment for all: In all our processes and modules of delivery, while the objectives are specified and aligned towards a particular outcome, we also aim at an inherent empowerment of students in their skills, approach and communication. This

360-degree holistic approach aims at empowerment for all despite of different objectives and outcomes.

Employability for all: All our modules, strategies and methodologies of training converge to a single objective of empowering students with employability skills. This is our core value and sole objective and we always strive for achieving this objective.

Our Training Methodology

With all our core values at heart, all our training methodologies are designed scientifically and have four essential ingredients:

Design with empathy: We embrace the differentiated needs of institutions. All of modules are designed with understanding of institutional requirements, industry expectations and student's potential. This will make sure all our training modules are flawless in their objectives and expected outcomes.

Implement with responsibility: We are your training partners with end-to-end responsibility. Objectives and outcomes are only achieved when the great vision translates into responsible implementation to achieve that vision. Our expert faculty are the heart of our organization and the torch bearers to achieve our vision. We make sure we leave no stone unturned to achieve the transformation of student.

Measure with precision: All our programs are measured at every step to track the progress of achieving desired outcomes. All programs have check points at regular intervals to ensure the precision of measurement. We use assessments, assignments & presentations as the tools of measurements.

Feedback with transparency: Our programs are dynamic in implementation. Our measurement is driven by analytics and we generate feedback at every checkpoint which is feedback into the training delivery. Our feedback is not only for the sake of measurement but this makes our program dynamic and live-in terms of how it is implemented. We make course corrections based on our feedback and are transparent with our clients in doing so.

Training & Placement Officer
Sir C.R.Reddy College of Engineering
Vatturu, ELURU-534 007.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 04-01-2021 to 11-01-2021

Number of Students Enrolled : 193

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Training programs close the gap between what students learn in class and what they need for real-world jobs. They do this by adding practical skills and hands-on experience, making graduates more likely to succeed in their careers.

- Graduates, having experienced the bridge between academia and industry, are better equipped to navigate the complexities of their chosen fields.
- This blend of theoretical understanding and practical application positions graduates to make meaningful contributions to their workplaces.

Campus recruitment training program

Date of implementation : 12-02-2021 to 19-02-2021

Number of Students Enrolled : 137

Conducted by : Logik Works

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Logik Works wants to help bridge the gap in what students learn and what skills they need, especially in engineering. We aim to make learning practical and useful, so students can succeed. Through our innovative programs, we want to give students and professionals the skills they need for today's competitive world.

Students gain practical skills and hands-on experience from training programs, making them better prepared for jobs in the real world. This combination of learning and doing helps graduates become more employable.

- This immersive approach ensures that graduates not only understand the theoretical foundations of their field but can also apply this knowledge in real-world contexts.
- The hands-on experience gained through training programs not only enhances graduates' employability but also contributes to their professional growth.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation: 17-06-2019 to 29-06-2019

Number of Students Enrolled : 494

Conducted by : Talentio

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables.

Training holds significance for employees, providing them with a valuable opportunity to expand their knowledge and boost their job skills, resulting in increased effectiveness in the workplace. The main goal of training is to equip individuals for the industry, addressing all crucial aspects. Moreover, companies that prioritize comprehensive training programs often witness improved employee retention rates.

 Training & Placement Officer
 Sir C.R.Reddy College of Engineering
 Vaturu, ELURU-534 007.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 27-07-2019 to 31-07-2019

Number of Students Enrolled : 378

Conducted by : Talentio

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables.

Employees find value in training as it gives them a chance to expand their knowledge and improve their job skills, leading to increased effectiveness in the workplace. The primary motive of training is to prepare individuals for the industry, addressing all necessary aspects. Furthermore, well-trained employees are better equipped to adapt to changes in the industry, ensuring the company's long-term success.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 18-11-2019 to 28-11-2019

Number of Students Enrolled : 213

Conducted by : Talentio

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables.

Training is important for employees as it allows them to expand their knowledge and improve their job skills, ultimately making them more effective in the workplace. The primary motive of training is to prepare individuals for the industry by addressing all crucial aspects. Besides the immediate benefits, ongoing training fosters a culture of continuous improvement, positioning the company as an industry leader.

Training & Placement Officer

 Training & Placement Officer
 Sir C. K. Reddy College of Engineering
 Yavuru, ELURU-534 007.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 12-02-2019

Number of Students Enrolled : 219

Conducted by : Cocubes

Program: Cocubes Pre-Assessment

Cocubes is an employability assessment meticulously designed for Final Year Engineering and MBA candidates, conducted nationwide in a monitored setting. This assessment delivers valuable insights into employability and presents job opportunities to students across India, encompassing various job roles.

Training is important because it gives employees a good chance to learn more and get better at their jobs. This helps them do better at work. The main aim of training is to get people ready for their jobs, covering all the important things they need to know.

Sir C R Reddy college of Engineering

Department of Training and Placement

Campus recruitment training program

Date of implementation : 01-05-2019 to 13-05-2019

Number of Students Enrolled : 447

Conducted by : Talentio

Teaching methods : Presentation, Group discussion, Video tutorials, writing etc.

Talentio is focused on raising the bar on employability training by redefining the approach and goal post of learning deliverables.

Participating in training is valuable for employees as it allows them to broaden their knowledge and enhance job skills, thereby increasing effectiveness in the workplace. The primary objective of training is to prepare individuals for the industry, encompassing all essential aspects. Additionally, employees who actively engage in training often experience higher job satisfaction and a sense of professional fulfillment.
