#### VISION OF THE DEPARTMENT

To be a premier department that nurtures individuals for acquisition of knowledge with research orientation which suits the local and global needs of industry and society in the field of Electronics and Communication Engineering

#### MISSION OF DEPARTMENT

- M1. To impart quality education and encourage research with an emphasis on application and innovation
- M2. To cater to the emerging societal needs through all-round development of students
- M3. To enable individuals face the global competition
- M4. To inculcate the importance of ethical and moral Values in students.

#### VISION OF THE DEPARTMENT

To be a premier department that nurtures individuals for acquisition of knowledge with research orientation which suits the local and global needs of industry and society in the field of Electronics and Communication Engineering

#### MISSION OF DEPARTMENT

- M1. To impart quality education and encourage research with an emphasis on application and innovation
- M2. To cater to the emerging societal needs through a 4-round development of students
- M3. To enable individuals face the global competition
- M4. To inculcate the importance of ethical and moral Values in students.

## WEBINAR REPORT

**\*Introduction\*:** On 1st April 2023, we had the honor of hosting a captivating webinar on "Research Outcomes and Paper Writing," presented by the esteemed Dr. Chinni Hima Bindu. This webinar aimed to provide participants with valuable insights into the world of scientific inquiry, uncovering the process of conducting research and effectively communicating findings through paper writing. Dr. Bindu, a renowned researcher and expert in her field, delivered a truly engaging and informative session that left attendees inspired and equipped with essential knowledge.

### **\*Webinar Highlights\***

1. **\*The Art of Scientific Inquiry\*:** Dr. Chinni Hima Bindu commenced the webinar by emphasizing the significance of scientific inquiry. She highlighted the crucial aspects of formulating research questions and designing robust methodologies, underscoring the importance of these steps in conducting successful research. Participants gained valuable insights into the foundations of research work and the impact of a well-structured approach.

2. **\*Navigating the Research Process\*:** Navigating the research process can be both exciting and challenging. Dr. Bindu shared her experiences and expertise, guiding attendees on effectively managing research activities. From

time management to overcoming obstacles encountered during research, participants learned practical strategies for ensuring a smooth research journey.

3. **\*Extracting Meaningful Research Outcomes\***: One of the key highlights of the webinar was Dr. Bindu's discussion on extracting meaningful research outcomes. Attendees gained valuable knowledge on data interpretation, statistical analysis, and drawing robust conclusions. Dr. Bindu's insights into the art of deriving meaningful insights from research data resonated with participants from diverse academic backgrounds.

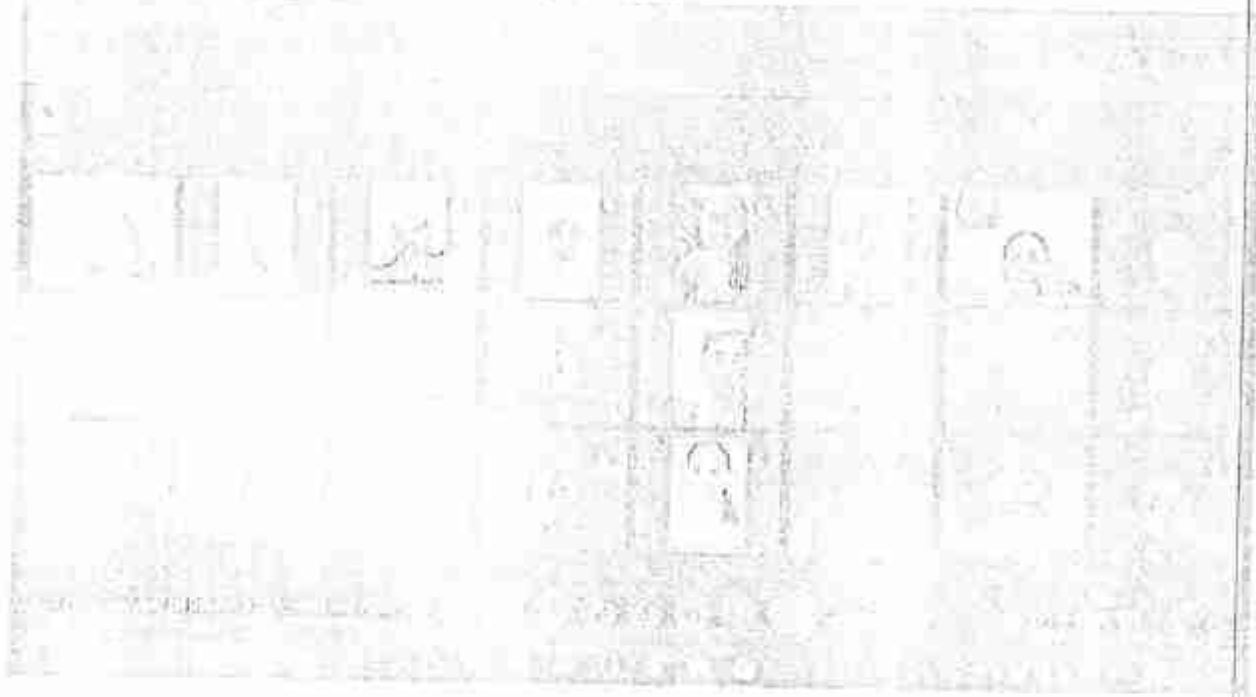

4. **\*The Significance of Paper Writing\***: The importance of effective paper writing in research cannot be overstated. Dr. Bindu shed light on the significance of crafting well-structured research papers. Attendees learned about the essential components of a research paper, such as the introduction, methods, results, and discussion sections. Dr. Bindu's emphasis on clear and concise writing left a lasting impact on the audience.

5. **\*Addressing Challenges in Paper Writing\***: Dr. Bindu's candid discussion about the challenges faced during paper writing resonated with many early-career researchers. From

dealing with writer's block to managing citations and ensuring consistency in writing style, participants received practical tips and strategies to overcome these hurdles.

6. **\*The Publication Process\***: The session also covered the crucial aspect of the publication process. Dr. Bindu shared her experiences and advice on navigating the complex world of academic publishing. Attendees learned about selecting the right journal, handling peer reviews, and addressing reviewer feedback with professionalism.

## Research Networking

On-line to Commercialise

\*Conclusion:Dr. Chinni Hima Bindu's webinar on "Research Outcomes and Paper Writing" was an inspiring and insightful event for all participants. Her expertise and passion for scientific inquiry shone through in her engaging presentation. Attendees left the webinar equipped with valuable knowledge to enhance their research practices and paper writing skills.We extend our heartfelt appreciation to Dr. Chinni Hima Bindu for sharing her invaluable insights and experiences with the academic community. Her dedication to advancing research and fostering effective communication is truly commendable.As we conclude this webinar event report, we express our gratitude to all participants for their active engagement and enthusiasm. We hope that the knowledge gained from this webinar will contribute to the success of future research endeavors and inspire researchers to pursue scientific excellence.

### REPORT SUBMITTED

**Webinar topic:** "Role of problem solving and algorithms in campus placements".

**Resource Person:** Mr. Sandeep Srinivas Indraganti, Software Development Engineer

AWS Amazon @ Washington, U.S.A and CRR Alumni of 2010

passed out batch.

**Date:** 07-05-2020 (Thursday) **Time:** 11AM to 12.30PM.

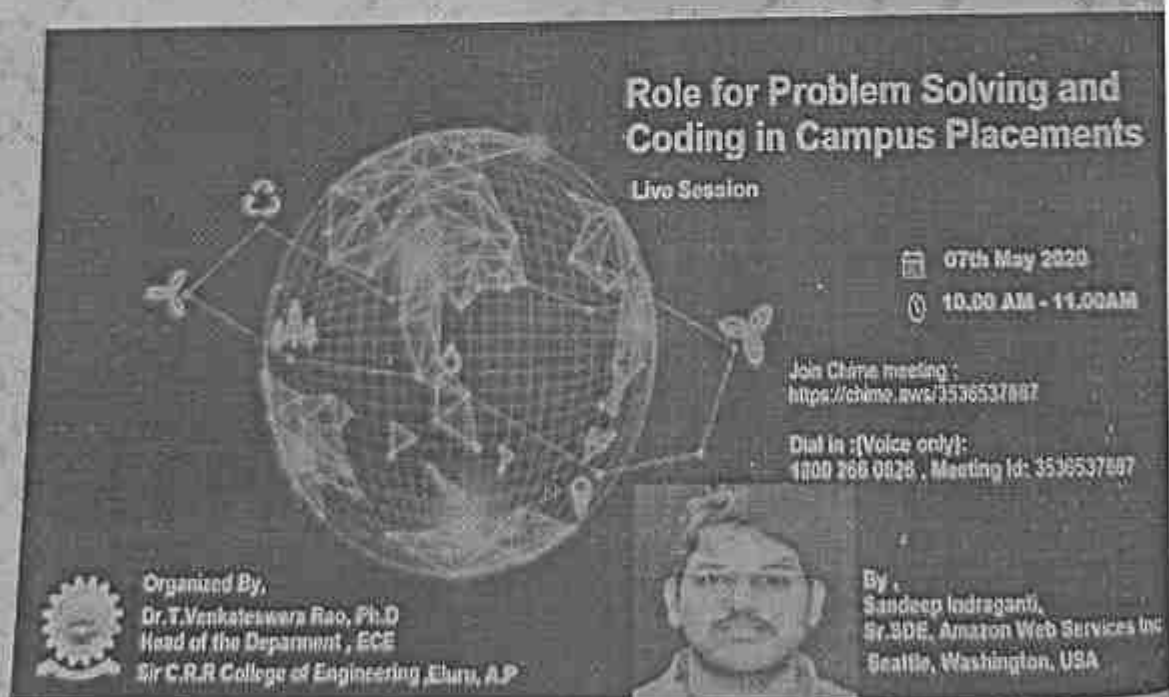

**Target audience:** III YEAR ECE students and faculty.

An Online webinar was arranged by the Department of Electronics & Communication Engineering of Sir C R Reddy College of Engineering on 7<sup>th</sup> May 2020 during forenoon session between 11AM to 12.30PM. The Webinar aims to provide awareness on the importance of problem solving skill set and optimization of algorithms as well for non IT student community. It also aims at providing resource of opportunities to non IT students like ECE especially pre-final year ECE students for their future endeavors. The webinar also intends to inculcate the knowledge of algorithms and to accelerate the students who are stuck with phobia against software languages and the culture.

The webinar was attended by the faculty and students with a good number around 110 attendees. The resource person had delivered presentation on the importance of problem solving skill set and how well the algorithms would be developed with appropriate real time examples. The session went on well and all the students and faculty had very good interaction with the resource person. The Resource person expressed his interest and enthusiasm to deliver his lectures in the near future if required. The session was concluded after having had question and answers and interactions among the Resource person and the participants in an effective way.

### WEBINAR ON INDUSTRY 4.0 BY CEMS

**Name of the Organizing Unit:** IEEE SIRCERRCOE STUDENT BRANCH (STB11558)

**Venue:** Online (Zoom & YouTube).

**Date of Event:** 24<sup>th</sup> April, 2021.

**Topic:** INDUSTRY 4.0.

**Target Audience:** 4/4 ECE.

**No. of Participants:** 113 Members.

**Speaker:**

Commander Gopi Krishna Sivam,

Chief Operating Officer,

CEMS.

**Brief Description:**

The webinar will briefly introduce Students to

1. Industry 4.0 and Industrial revolution.
2. Technologies enabling Industry 4.0
3. Skills required for smooth transition to Industry 4.0
4. Introduction to CEMS
5. Industry 4.0 technologies available at CEMS

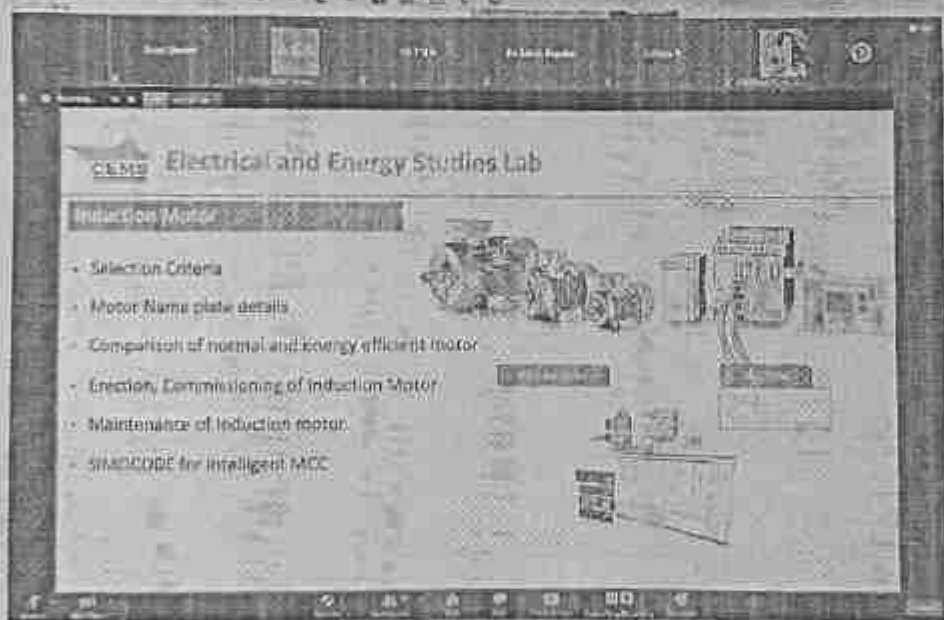

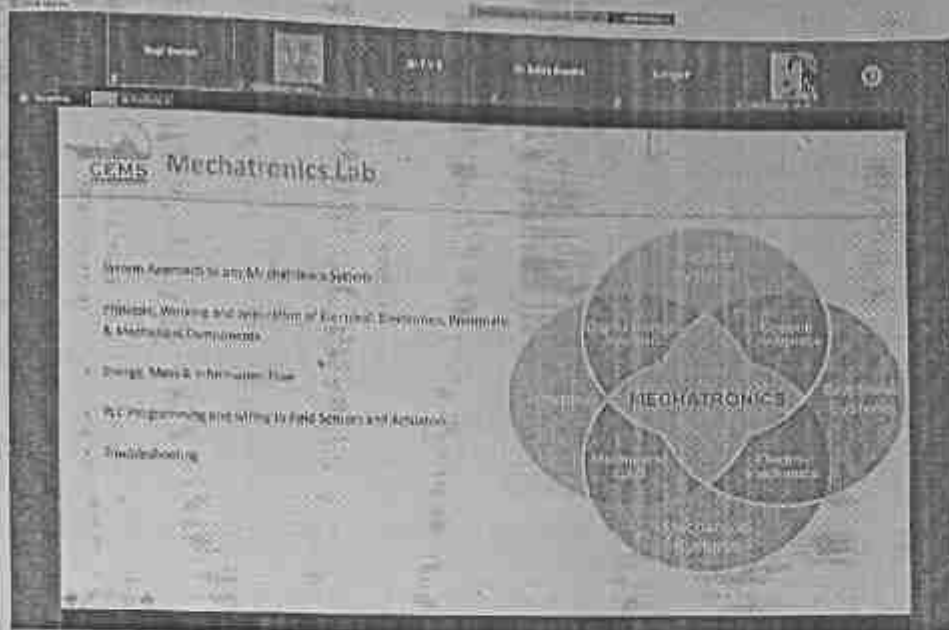

**YouTube Link:** <https://youtu.be/ZCYjSpua3EY>

**Poster:**

The poster is for a webinar titled "INDUSTRY 4.0 by CEMS". At the top, it features the logo of Sir C.R. Reddy College of Engineering and the text "SIR C.R. REDDY COLLEGE OF ENGINEERING". Below this, it says "INDUSTRY 4.0 by CEMS". A central profile picture shows Cdr. Gopi Krishna Sivam, Chief Operating Officer of CEMS. To the right, there is a globe graphic with various icons. The bottom section contains event details: "Date: 24th April 2021, 10:00 AM to 12:00 PM" and "Time: 10:00 AM to 12:00 PM". It also lists the organizing unit as "IEEE SIRCERRCOE STUDENT BRANCH" and provides contact information for the branch.

**Industrial Evolution**

The diagram illustrates the progression of industrial technology over time:

- End of the 18th century:** Shows early steam-powered machinery.
- Beginning of the 20th century:** Shows a large factory with multiple chimneys.
- Beginning of the 21st century:** Shows a modern factory with advanced machinery.
- Today:** Shows a person interacting with a computer screen, representing digital industry.

Text on the diagram: "Industrial revolution through the world with a lot of new technologies and machinery." and "A digital revolution about the industry of today."

**CEMS**      **About CEMS**

- An initiative by Sagarmala, Ministry of Shipping, Govt of India with an aim to create skilled manpower primarily cater to the current and future requirements of the tech industry.
- Set up as a "Not for Profit" section 8 Company to bridge the gap between academics and industry.
- Specialised in Training on Industry 4.0 Technologies.
- Placement Oriented Training.
- Has MOUs with Educational Establishments and Industries.

Awareness Program on VLSI Backend Tools (Mentor)

**Name of the Organizing Unit:** IEEE SIRCRRCOE STUDENT BRANCH (STB11558)

**Venue:** Online (Zoom & YouTube)

**Date of Event:** 19<sup>th</sup> May, 2021

**Topic:** VLSI Back End Tools

**Target Audience:** 3/4 ECE

**No. of Participants:** 166 Members

**Speaker:**

Mr. Katikila Pradeep,

Senior Application Engineering,

Apply Volt

**Brief Description:**

We have organized a webinar on VLSI back-end tools (Mentor graphics) conducted on 21st May 2021 from 9:30 AM to 12:30 PM. The honored Speaker Mr. K. Pradeep (Senior Application Engineer, Apply Volt), explained and introduced the VLSI back-end tools and given us a simulation example. Guest of Honor Dr. T. Venkateswara Rao, Dr. R. Satish, Mr. Ch. Jaya Prakash (Assistant professor, Dept. of ECE, SIRCRRCOE) has expressed their views on VLSI tools. The meeting ended by proposing a vote of thanks to our respected Speaker, Faculty, and Management.

**Module Agenda:**

- Introduction on Technology
- Design - where to start and where to end
- Defining a problem statement
- Steps in VLSI design - Mentor Graphics EDA Tool
- Logic Minimization Techniques

## Steps in VLSI design - Mentor Graphics EDA Tool

- Draw the schematics (different types)
- Simulate and check for (power dissipation & delay char.)
- Happy - ↓ (proceed) ... or not happy ...
- Draw the layout (different ways)
- Go for the physical verification (DRC, LVS & PEX)

**Submitted to the Principal:**

Sir,

It is to inform you that, the following event is conducted in our department on 07-01-2019.

S.No.	Date(s)	Event
1	12 <sup>th</sup> and 13 <sup>th</sup> December 2019 & 16 <sup>th</sup> to 21 <sup>st</sup> December 2019	<p>A demonstration by "E-kalasaala" on Skill enhancement through virtual learning was given from 12<sup>th</sup> December 2019 to 21<sup>st</sup> December 2019. E-Kalasaala team briefed around 690 first year engineering students regarding the various career paths available for engineering graduates in India. They also briefed about the e-learning facilities that they offer to the students.</p> <p>Consultants: 1. Mr. T. Mouneesh 2. Mr. Varaprasad</p> <p>Timings : 10.00 A.M to 05.00 P.M</p> <p>Venue : FED Seminar Hall</p>

Thanking you,

Dt:02.01.2017

As you know that during this semester, besides regular classes, we are conducting Skill Development classes to 1<sup>st</sup> year students of all branches from 9.00 am to 11.00 am on all Tuesday and Thursdays. To meet this requirement, we have established 8 E-class rooms in the 2<sup>nd</sup> floor of FED block

There are some students not opted for SDC Programme. It is decided to conduct Tutorial classes to those students from 9.30 am – 11.10 am on those two days. Remaining classes will be as usual, for all the students, as per the time table (modified).

The following faculty are allotted to monitor SDC classes as per the timings specified above. Tutorial classes will be conducted by the faculty as per the schedule below.

Name of the Programme : E-Kalasala

Dates of Programme : 12-12-2019, 13-12-2019 and 16-12-2019 to 21-12-2019

Number of Students Enrolled : 690

Resource Person: T. Mounesh and Vara Prasad

- E-Learning has become more and more popular recently, and it's a great option for several reasons.
- It provides a flexible and convenient way to advance your career while managing other responsibilities.
- Studying online allows you to do it from anywhere and at any time. This is especially helpful in an area where access to higher education is limited.
- WE can complete your coursework on your own schedule, as long as you meet deadlines.
- Online programs offer a lot of flexibility in choosing courses and schedules. Through the material as quickly or slowly as needed.
- Online programs are often more affordable than traditional on-campus programs, especially when considering transportation and housing costs.
- Additionally, many online programs provide financial aid and scholarships to help reduce the overall cost.

# PROGRAMMING ON ARDUINO + NODEMCU & SENSORS INTERFACING

## Objective:

The aim of the workshop is to educate the students about the programming on Arduino and Node MCU and how to develop or invent new things.

## At the end of workshop

Each participant:

- will leave the workshop with a working knowledge of how to get started using Arduino
- will know what to do next to keep learning and working with Arduino
- will learn and apply at least 3 basic Arduino programming skills

## Arduino Workshop Schedule:

<u>Arduino</u>	Number of Days	Type of Session
	Day 1(Afternoon)	Theoretical Session
	Day2 (F.N & A.N)	Practical Session

## Workshop Schedule Details:

### 1. DAY\_1 (AFTERNOON):

#### ❖ BASIC CONCEPTS

- Introductory concepts(Basic Components)
- Evolution of Micro Controllers
- Analog vs Digital
- Input vs Output
- Pulse Width Modulation.
- Continuity Concept

#### ❖ INTRODUCTION TO MICRO CONTROLLERS

- Types of Microcontrollers

Basic Microcontroller Manufacturers:

MANUFACTURER	MICROCONTROLLER	IDE
ATMEL	AVR (ATTINY, ATMEGA, ATXMEGA)	AVRSTUDIO
MICROCHIP	PIC	MPLABX
ARDUINO	AVR(ATMEGA328)	ARDUINO

- Basic Architecture of Microcontroller.

❖ BASICS IN SERIAL COMMUNICATION

- RS 232
- MAX 232
- UART

❖ INTRODUCTION TO ARDUINO

- Different Types of Arduino Board
- Arduino UNO Specifications
- Pin Configuration Arduino UNO
- Basics of AtMega328
- Pin Configuration of AtMega328
- Advantages of Arduino.

❖ Digital Sensors:

INPUT	OUTPUT
PUSHBUTTON	RELAY
PIR	LED

❖ Analog Sensors:

- POTENTIOMETER
- FLEXSENSOR
- TEMPERATURE SENSOR
- PIEZO ELEMENT
- LDR

- ACCELEROMETER
- ULTRASONIC SENSOR
- ❖ Motors:
  - DC MOTOR
  - SERVO MOTOR

## 2. DAY-2(FORENOON):

### Introduction to Sensors:

### Project Code Details:

#### Basics:

- LED Blink
- LED Fading

#### Sensors:

##### ❖ Digital Sensors:

- Push Button
- PIR Sensor

##### ❖ Analog Sensors:

- Potentiometer
- LDR
- Temperature Sensor
- Piezo Electric Transducer

1. LED Blink
2. LED Fading
3. Push Button
4. PIR Sensor
5. Servo Motor
6. Proximity Sensor (HC - SR04)
7. Potentiometer
8. LDR
9. Temperature Sensor (LM-35)
10. Accelerometer (ADXL 335)

## DAY-2 (AFTERNOON)

11. Bluetooth (HC - 05) (Home Automation)
12. DTMF Based Home Automation

13. Automatic Traffic Lights Controller

14. PC Controlled Bot

15. Gesture Controlled Bot

**Added Projects: (2018-2019):**

16. LCD Interfacing

17. DC motor interfacing (LM293D-Driver)

18. RF Module

19. Interfacing Zigbee Module

### Summary Report:

The **Programming on Arduino + NODEMCU & Sensors Interfacing Workshop** is a beginner's workshop designed to get newcomers up and running with Arduino development board. This workshop was organized by the department of ECE, in association with R&D Cell (ECE Dept.), Electronics Hobby Club (EHC) of ECE Dept. There were 74 students participated from ECE discipline (2<sup>nd</sup> year). The workshop conducted into two separate batches.

The workshop was inaugurated by **Dr. T. Venkateswararao**, Head of Department, Department of ECE, Sir C R Reddy college of Engineering.

The workshop is coordinated by **Mr. A.M. Vamsee Krishna**, Assistant Professor, Dept. of ECE, **Mrs. K. Lavanya**, Assistant Professor, Dept. of ECE., **Mrs. N. Swathi**, Assistant Professor, Dept. of ECE

The workshop program is scheduled as follows:

BATCH-1: ECE A/S & B/S - 30 <sup>th</sup> &31 <sup>st</sup> August 2019	
30.08.2019 (F.N)	Theory
30.08.2019(A.N)	Practical
31.08.2019 (F.N)	Practical
<b>VENUE</b>	e-Class room & EDC-2 Lab

BATCH-2: ECE C/S- 4 <sup>th</sup> &5 <sup>th</sup> September 2019	
04.09.2019 (A.N)	Theory
04.09.2019 (F.N)	Practical
05.09.2019 (A.N)	Practical
<b>VENUE</b>	e-Class room & EDC-2 Lab

The workshop started with an inaugural function at 9.15 A.M

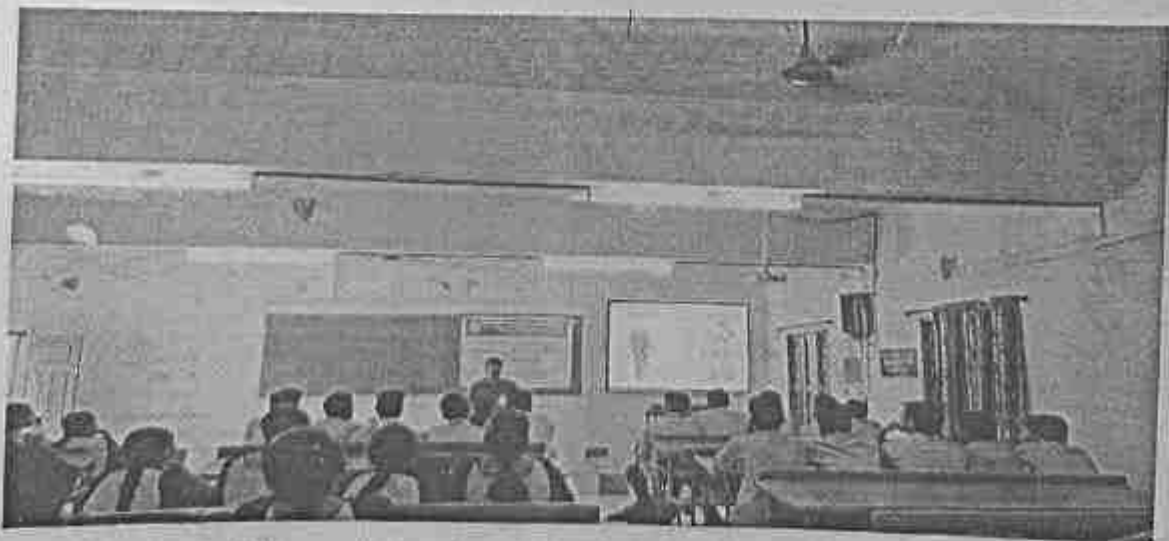

**Inaugural Function**

**Time: 9.15am to 9.30 am**

As a part of inaugural function, Student Coordinator invited head of the department of ECE, Dr. T. Venkateswararao, and workshop coordinators to the dais.

Dr. T.Venkateswarurao sir, HOD, department of ECE addresses the students who are attended for the program and given speech on program how it is useful for the students

Mr. A.M.Vamsee Krishna, giving introduction to Microcontroller and explains the Arduino development board and programming on Arduino IDE.

The following are some of the screenshots during work shop

Student coordinator V. Triveni explains the project to students.

The Coordinator of workshop Mr. A. M. Vamsee Krishna, interacting with the students to get clarified students doubts regarding Arduino project. Students involved completely in learning for the two days.

## CONCLUSION

The workshop was success. Each member participated and seemed to enjoy themselves. We met our stated learning objectives. The participants varied from very little familiarity with electronics and programming to near expert. Even with the disparity everyone could complete the most of the task and everyone needed help at some point. The participants were expected to try on their own first and initially attempt to troubleshoot problems. This caused a little frustration in a couple people, but overall it seemed to go well. We had one helper to six students and this level of interaction was really necessary to stay on time. The workshop lasted six hours per day and it is conducted for two days and it was tight, but we finished on time.

## AWS Educate Program

### Description

AWS Workshops introduces you to AWS products, services and common solutions. It provides you with fundamentals to become more proficient in identifying AWS services so that you can make informed decisions about IT solutions based on your academic projects, business requirements and get started working on AWS. Students can gain the digital badges by completing all modules in each career pathway.

### What Benefits do students get:

- \$75 AWS promotional credits in a Starter Account;
- Access to AWS Technical Essentials Online Training (\$695 value) for free; access info provided in your welcome email once you register.
- One-stop access to free and paid labs, such as Big Data Fundamentals, IoT, Security Fundamentals, and Intro labs on AWS services;
- Free content, provided by Amazon and by leading professors around the globe, to help you build up your skills in the cloud;
- Access to free Career pathways to help you define your career growth.
- Collaboration opportunities, including the opportunity to attend free in-person and virtual events.

AWS Educate is a free program designed to provide students and educators with resources they need to learn and use AWS cloud services. To empower this, APSSOC is ready to conduct three-day Workshop on courses below.

Fee Rs 100/- Per student.

Reference Video : <https://www.youtube.com/watch?v=X36oDslvoXA>

### Delivery Method

- This course is delivered through a mix of instructor-led training (ILT) and hands-on labs.
- Hands-On Activity
- This course allows you to test new skills and apply knowledge to your working environment through a variety of practical exercises.

### Courses Offered:

1. 1st Year : CloudTrail (Cloud Literacy) & Cloud Computing\_101
2. 2nd Year : Cloud Computing\_101 & AWS Technical Essentials
3. 3rd & 4th Year : AWS Technical Essentials & AWS Solution Architect
4. All : Amazon Alexa (prerequisite Python)

powered by  
**aws** educate

### 1. Cloud Literacy Modules:

- Mission 1: Computer Basics
- Mission 2: Cybersecurity
- Mission 3: Data Analysis
- Mission 4: Variables and Programming
- Mission 5: Impacts of Computing

Duration : 3 Days

Intended Audience : 1st Year Students

Reference Video : <https://goo.gl/19Hfaw>

### 2. Cloud Computing\_101 Modules:

- Module 1: Introduction
  - AWS Cloud Computing Fundamentals
  - Cloud Computing Basics
- Module 2: AWS Cloud Computing Services
  - AWS Cloud Computing Services Introduction
  - AWS Overview
  - AWS Compute Services
  - AWS Analytics Services
  - AWS Database Services
  - AWS Developer Tools
  - AWS Management Tools
  - AWS Storage Services
  - AWS Networking and Content Delivery Services

Duration : 3 Days

Intended Audience : 2nd Year Students

*A GOOD PLACE TO START*

### Cloud Computing 101

The AWS Cloud Computing 101 course provides an overview of the AWS Cloud Computing services and how they are used in various applications. This course is designed for students who are new to the AWS Cloud Computing ecosystem.

### 3. AWS Technical Essentials:

- Introduction and History of AWS
- AWS Foundational Services: EC2, VPC, S3, EBS
- AWS Security, Identity and Access Management: IAM
- AWS Databases: RDS, DynamoDB
- AWS Management Tools: Auto Scaling, CloudWatch, Elastic Load Balancing, Trusted Advisor

Duration : 5 Days

Intended Audience : 3rd, 4th & MCA Students

powered by  
**aws** educate

#### 4. Amazon Alexa:

Alexa is Amazon's cloud-based voice service available on tens of millions of devices from Amazon and third-party device manufacturers. You can use Alexa to build natural voice experiences to interact with devices and technology in a more intuitive way to interact with the technology they use every day.

- Amazon Alexa Modules:
    - Amazon Alexa | ASK
    - ASK | Build
    - ASK | Learn
    - ASK | Design
    - ASK | Launch
    - ASK | Resources
  - AWS Cloud Computing
    - Compute | Lambda (Serverless Architecture)
    - AWS Cloud Computing | AWS Storage | S3
- Duration : 5 Days  
Intended Audience : ALL  
Prerequisite : Python Trained Students

## AWS Educate Program

### Description

AWS Workshops introduces you to AWS products, services and common solutions. It provides you with fundamentals to become more proficient in identifying AWS services so that you can make informed decisions about IT solutions based on your academic projects, business requirements and get started working on AWS. Students can gain the digital badge by completing all modules in each career pathway.

### What benefits do students get:

- \$75 AWS promotional credits in a Starter Account;
- Access to AWS Technical Essentials Online Training (\$695 value) for free; access info provided in your welcome email once you register;
- One-stop access to free and paid labs, such as Big Data Fundamentals, IoT, Security Fundamentals, and intro labs on AWS services;
- Free content, provided by Amazon and by leading professors around the globe, to help you build up your skills in the cloud;
- Access to free Career pathways to help you define your career growth;
- Collaboration opportunities, including the opportunity to attend free in-person and virtual events.

AWS Educate is a free program designed to provide students and educators with resources they need to learn and use AWS cloud services. To empower this, APSSDC is ready to conduct three day Workshop on courses below.

Fee Rs 100/- Per student.

Reference Video : <https://www.youtube.com/watch?v=X156DhVv0XA>

### Delivery Method

- This course is delivered through a mix of instructor-led training (ILT) and hands-on labs.
- Hands-On Activity
- This course allows you to test new skills and apply knowledge to your working environment through a variety of practical exercises.

### Courses Offered:

1. 1st Year : cloudtail (Cloud Literacy) & Cloud Computing\_101
2. 2nd Year : Cloud Computing\_101 & AWS Technical Essentials

## Guest lecture Report

### Summary Report:

The Department of ECE has organized a guest lecture on "Time Application On Signal & System" by G SANTHOSH KUMAR, Gate Faculty, Gate Academy, Hyderabad on 6<sup>th</sup> September, 2018 at AC seminar hall between 9:30 AM to 12:45 PM for the benefit of second year students.

Mr. G SANTHOSH KUMAR introduced basic fundamentals of signals and systems, its operational concepts and their applications in digital image and signal processing. The lecture also given introduction of frequency response analysis and its relation and usage to LTI systems, basics of Fourier series and Fourier transforms, its applications and usage to signals and systems in digital communication, mobile communication, digital signal and image processing applications.

The lecture described significance of LTI SYSTEM & its properties, concepts that are used to solve problems in signal & system. Around 180 students of second year B.Tech of ECE has attended and interacted with the guest. A good feedback has been given by the students.

The programme was inaugurated by Dr. PHS TEJO MURTHY, Professor, ECE Dept Sir C.R Reddy college of Engineering.

**“Recent Trends in Space Technology and Navigation Aids for Aviation”**

Guest Lecture on “Recent Trends in Space Technology and Navigation Aids for Aviation” was conducted at Department of ECE, SIR C R REDDY COLLEGE OF ENGINEERING, VATLURU for the benefit of 3<sup>rd</sup> & 4<sup>th</sup> sem and 4<sup>th</sup> communication area related project students and M.tech CS students on 30.11.2018.

**Report Summary:**

Satellite communication is the use of satellites to provide communication between various points on the earth. Approximately, 2000 artificial satellites orbiting around the earth relay analog and digital signals carrying voice, video and data to and from various locations worldwide. Satellite communication has become an integral part for civilian and government applications like Aviation, TV broadcasting, Earth observation, weather forecast and military purposes. The main objective of the programme is to introduce the background and recent advances in space technology, various GNSS navigational aids that are required for aviation purposes.

The programme was inaugurated by Dr. G.Sambasiva Rao, Principal, Sir CRR college of Engineering.

Dr. T. Venkateswara Rao, HOD, ECE addressing the gathering

Dr. T. Venkateswara Rao, HOD explained about the need for space technology. He said that students should become successful learners in a rapidly changing global environment. He invoked the students to utilize the knowledge shared by the resource person for do the projects.

Dr. G. Sambasiva Rao, Principal addressing the gathering

Principal, Dr. G. Sambasiva Rao spoke about the importance of knowing the recent advances in space and aviation. He encouraged the students to learn such updating technologies and he also expressed his happiness for inviting such an eminent person and arranging such events.

Ch. Mahesh delivering his lecture

In first session, Mahesh garu has started his lecture by introducing about AAI. Various functions done by different departments in AAI. He also talked on the history of aircrafts, how aviation is done and how communication, navigation and surveillance are done during the aviation.

Then he spoke on the recent advances in space technology.

In the second session, he introduced various navigation systems like GPS, GLONASS and GALILEO. Also, about our Indian navigation aid i.e GAGAN. Later, he interacted with students and talked about the projects that are going on in CNS department. He also told about the opportunities in AAI and what kind of exams have to be written to enter into AAI. Later he interacted with students in the afternoon session.
