| FACULTY PROFILE                  |  |  |
|----------------------------------|--|--|
| Faculty Name                     | VIJAYALAKSHMI VEMULA   | 90 90 90 90 90 90 90 90 90 90 90 90 90 9 |
| Designation                      | Assistant Professor  |  |
| Department                       | First Year Engineering Department (Physics)  |  |
| Date of Birth                    | 04 <sup>th</sup> March 1982  |  |
| Qualifications                   | M.SC (Physics), BED  |  |
| Date of Joining (Sir C R R)      | 02 <sup>nd</sup> May 2011  |  |
| <b>Teaching Experience (Yrs)</b> | 8 Years  |  |
| Teaching                         |  |  |
| Research                         |  |  |
| Industry                         |  |  |
| Others                           |  |  |
| Area of Specialization           | Pure Physics   |  |
| Subjects Taught                  | <ol> <li>Applied Physics</li> <li>Engineering Physics</li> <li>Material Science</li> </ol> |  |
| UG                               | <ol> <li>Applied Physics</li> <li>Engineering Physics</li> <li>Material Science</li> </ol> |  |
| PG                               |  |  |
| Publications                     |  |  |

| International Journals           |                            |
|----------------------------------|----------------------------|
| National Journals                |                            |
| <b>International Conferences</b> |                            |
| <b>National Conferences</b>      |                            |
| <b>Students Guided</b>           |                            |
| UG                               |                            |
| PG                               |                            |
| <b>Professional Membership</b>   |                            |
