SIR CR REDDY COLLEGE OF ENGINEERING

APPROVED BY AICTE, NEW DELHI & PERMANENTLY AFFILIATED TO ANDHRA UNIVERSITY
ELURU-534007. W.G.DT. ANDHRA PRADESH

INTRODUCTION

ABOUT E.C.E

The Department of Electronics and Communications Engineering has been functioning since the beginning of the college i.e., A.Y.1989-90 with an intake of 60. Presently the intake of the ECE department is 180. The department has 24 well qualified, experienced and dedicated faculty of which most of them are having P.G qualification in different streams. ECE department is offering M.Tech course in communication systems from A.y.2009-10. The department has good infrastructure with 8 different labs namely Microwave Engineering lab, Microprocessor Lab, Digital ICs Lab, Communication Lab, Computer Lab, EDC Lab, LIC Lab & DSP Lab. All the labs are fully equipped to cater the present day technology. Computer lab is fully equipped with necessary systems and software. The department consists of 7 well-furnished classrooms for theory classes with glass boards, podiums, fans fluorescent lamps with good ambiance and two staff rooms, HOD's room and department library.

ABOUT I.E.T.E

The Institute of Electronics and Telecommunication Engineering (IETE) is India's leading recognized professional society devoted to the advancement of science and technology of electronics, telecommunications & IT.

IETE Students Forum (ISF) is a student body of IETE. IETE student forum was started in our college on 15th September, 2003

ISF serve as a focal point at the institution on all aspects of professional development of the student members, ISF is providing the journals of IETE to all its members. ISF is providing the following publications regularly to the ISF student members in our college.

- IETE technical view
- IETE journal of research
- IETE journal of education
- IETE news letter

ISF is conducting technical programs and activities such as special lectures, workshops, seminars and exhibitions to develop the knowledge in advanced technologies.

In addition ISF is also conducting programs like TEACHERS DAY, ENGINEER'S DAY every year and also conducting the following events for the benefit of the student members.

- Technical quiz
- Paper presentation

- Creative writing
- Aptitude and English test
- Debate
- Extempore

Sri Komma Reddy Ram Babu

*President-sir C.R.R Educational Institutions
Correspondent-Sir C.R.R.C.O.E*

I deem it a great privilege to be an essential part of this magnanimous institution. As correspondent of Sir C.R.Reddy College of Engineering, I strongly support the cause of professional courses in the technologically advanced world. Engineering, in particular, is a course that demands innovation and logical thinking and subjects are to be learnt at the application level. The ultimate aim of engineering as a study is to make human life easy and pleasurable. So, it is our duty to hone the talents of the young students who join the institution and make them ready for job and ready for life. Every student must be made to remember that in order to survive in the job market governed by cut throat competition, he should be one among the best. The institution must mould the student and give him an edge over others in attaining success.

Sir C.R.R Engineering College proffers the student with good atmosphere with state of the art facilities, distinguished mentors and pleasant educational environment. The institution holds the aces of assuring the employability and communication skills of students. It provides quality education in an environment of discipline, self-dependent and self-confident individual. SIR C.R.R Engineering College pulls out all the stoops to mould the student's career in such a way that they excel in all nuances of life.

Sir C.R.R Engineering College proffers the student with good atmosphere with state of the art facilities, distinguished mentors and pleasant educational environment. The institution holds the aces of assuring the employability and communication skills of students. It provides quality education in an environment of discipline, self-dependent and self-confident individual. SIR C.R.R Engineering College pulls out all the stoops to mould the student's career in such a way that they excel in all nuances of life.

Engineers are not only the people who know how to do things right but who know the right things to do. We at 'Sir C.R. Reddy' try to focus on engineering education to keep pace with mighty changes occurring today in industry, business and society.

We do not believe that effective education can be achieved by what we teach but we base on what our students learn. The ideal learning process is the interaction of students with faculty. Hence it is our responsibility to develop the faculty interface.

We encourage and facilitate leadership qualities in our faculty and students. For this engineering students shall develop required attributes and knowledge beyond traditional constraints of class rooms. An engineering student shall realize that he has to create connections and stronger partnerships in the global society in which he is embedded.

Dr.G.Sambasiva Rao
Principal

H.O.D MESSAGE

A thought that has been enduring in mind when it becomes real; is truly an interesting and exciting experience. This news letter was one such cherished work periodically brought out by IETE Student Forum(ISF), the professional body of ECE department, which is the mouth piece of the department.

The ISF has given a platform for the student members to exchange ideas by organizing/participating technical programs and activities. They would get the benefit out of technical programs conducted under ISF Body like special lectures, workshops, seminars, symposia, exhibitions, training programs, project works etc., ISF also encourage team spirit, self reliance and professionalism among the students of the department.

The greatest asset of the department is its highly motivated and learned faculty making the students technically sound and knowledgeable.

Finally I congratulate the editorial board, ISF executive body members and staff coordinators on bringing this news letter realistic. I hope that this culture of releasing Newsletter continue for ever.

"Education is the most powerful weapon
which you can use to change the world"

-Nelson mandela
